## 2010 Spring Flushing Notice Township of Springwater

The Ontario Clean Water Agency (OCWA) will be flushing & swabbing watermains for the Township of Springwater on operated water systems in your area.

**Please check the list below for your area** – some areas will be “swabbed” and the rest will be flushed.

**It is important to note if your system will be swabbed. These residents must NOT USE their water between 8:00 am – 4:00 pm so that the system can be effectively swabbed.**

Please note that specific days for each area/street will not be known until the scheduled week, please contact OCWA at the number below during the scheduled week only if you require an exact date.

---

### **April 19 – 23 FLUSHING ONLY**

- Anten Mills Water System
- Phelpston Water System
- Midhurst Water System
- Snow Valley HIGHLANDS Water System (including Dobson Rd., Sunnidale Rd. & Budd's Mill Rd)

### **April 19 – 23 SWABBING**

- Snow Valley LOWLANDS Water System (\*excluding Budd's Mill Rd.)
- Vespra Downs Water System (\*Parr Blvd.)
- Del Trend Water System (\*includes Paddy Dunn's Circle, Glen Huron Dr., Channen Crt., Deluca Crt., Wendat Trail & Anthony Crt.)

### **April 26 – 30**

#### **FLUSHING ONLY**

- Elmvale Water System

### **May 3 – 9**

#### **FLUSHING ONLY**

- Hillsdale Water System
- Minesing Water System

---

**You may experience discoloured water** coming from your tap. If this happens, we suggest you try the following:

- remove the tap aerators off your taps and running the cold water to flush all house lines until the water runs clear
- flush out your hot water tanks - this is to remove the accumulated iron that precipitates out in the tank; this iron may also decrease the efficiency of your water tank.

Should your water continue to be discoloured, please contact the Ontario Clean Water Agency, Georgian Bay Hub at the number below.

OCWA will continue to work on the flushing programs to ensure consumer satisfaction.
