Gail to send letter to Ron (to forward to RAC) requesting we be allowed to name the pavilion the "Cindy Ladouceur Pavilion". Members are prepared to attend RAC meeting if necessary with this request.

We will get together Friday, June 11 to take down the fencing.

## NEW BUSINESS

### Vandalism report:

Someone broke into the hall sometime between Friday evening and Sunday morning on the May long weekend. They appear to have gained access through a window that was left open. The vandals caused the following damage: they spread flour, coffee and seafood sauce all over the kitchen floor. They also threw seafood sauce all over the kitchen sinks. They broke the glass jar and left it on the floor.

They shattered one of the mirrors in the ladies' bathroom.

They discharged both fire extinguishers on the upper level of the hall (yellow powder was found near the trophy case, on the floor, in the kitchen, all around the microwave and the counter where the microwave is, some was found on the floor in the basement). The empty fire extinguishers were left on the ball diamond (and they finished discharging the extinguishers near the ball diamond). The police were called and came Saturday evening to have a look. We were told that it was probably kids, 14 to 15 years old, and that the police would do a few more patrols in the area, especially on the weekends. Gilbert, Gail and Mau cleaned up most of the mess.

Canada Day

Jim has been working on Canada Day.

There is good involvement with the firefighters this year.
