

2019 Fall Flushing Notice

The Ontario Clean Water Agency (OCWA) will be flushing water mains for the Township of Springwater on an operated water system in your area.

It is very important that residents **REDUCE** water use from **8:00 am – 4:00 pm** so that we may effectively complete maintenance on the water systems.

September 23rd —
September 27th

- Midhurst Water System
- Minesing Water System

September 30th —
October 4th

- Elmvale Water System
- Snow Valley Water System
- Vespra Downs Water System

October 7th —
October 11th

- Del Trend Water System
(this includes Carson Road, Glen Huron Drive, Paddy Dunn's Circle, Anthony
Crt., Deluca Crt., Kanata Crt., Channen Crt. and Wendat Trail)
- Hillsdale Water System

October 15th —
October 18th

- Anten Mills Water System
- Phelpston Water System

During or after this flushing period, you may experience discoloured water and/or low water pressure coming from your tap. If this happens, we suggest that you try the following:

- Remove the tap aerators off your taps and flush all the house lines until the water runs clear.
- Flush out your hot water tanks. This is to remove the accumulated iron precipitate in the tank; this iron may also decrease the efficiency of your water tank.

Should your water continue to be discoloured, please contact the Ontario Clean Water Agency, Georgian Highlands Region at the numbers listed below.

Thank you for your cooperation!
