## Bidding Opportunities

As of May 1, the Township of Springwater switched to bids&tenders to post bidding opportunities. Any opportunity posted prior to May 1 will still be on Biddingo.

### Current opportunities on Biddingo

#### Closes at 2:00 p.m. on May 23, 2019

- 2019-21-LIB: Springwater Township Public Library Board Master Plan
- 2019-24-RPP: Roof System Replacement

### Current opportunities on bids&tenders

#### Closes at 2:00 p.m. on June 6, 2019

- 2019-23-FES Bunker Gear

Interested bidders will need to subscribe to bids&tenders in order to receive bid notifications and to submit bids to Springwater. Visit [bidsandtenders.ca](http://bidsandtenders.ca) for details and to register for upcoming opportunities.

## Spring Sweeping

Street sweeping operations began on May 6 in Springwater to clean up winter sand and dirt. Contractors are using two street sweepers throughout the municipality.

Please refrain from parking on the streets as this may interfere with operations. Residents who wish to sweep the area in front of their property are advised not to create piles of sand, as these piles can damage a sweeper and operators are instructed to swerve around such piles.

**Office closure:** the Township Administration Centre will be closed on Monday, May 20 for Victoria Day. For after hours service, please call 705-725-2715.

## Springwater Swing

June 12 | Orr Lake Golf Club | \$150 per golfer

In support of our community assistance program, physician recruitment and other worthwhile local initiatives. Visit [springwater.ca/SpringwaterSwing](http://springwater.ca/SpringwaterSwing) for registration and sponsorship. See you on the course!

## Midhurst Union Cemetery Revitalization Project

Please be advised that the Township of Springwater started construction work at the Midhurst Union Cemetery (1444 Saint Vincent Street) on May 14. Phase 1 of the project will last approximately two months, weather permitting. Construction work will generally be performed during the week from 7:00 a.m. to 5:00 p.m.

Phase 1 of development includes site demolition, rough grading, topsoil and fine grading, tree and shrub preservation, sodding, installation of columbaria and foundation, and installation of a replacement waterline. Operations will be sensitive to funeral services and visiting monuments and grave sites. Visit [springwater.ca](http://springwater.ca) for more information.

## It's property improvement season: get your permits

Spring is often a time for home improvement and landscaping. Make sure you get the necessary approvals before commencing your project!

- **Road Occupancy Permit:** required for work within the Township right of way (this includes the ditch).
- **Entrance Permit:** required for any driveway work within the right of way and a temporary Entrance Permit is required for a temporary entrance for yard work or pool installation.
- **Building Permit:** required for new construction, additions or structural renovations (including pools, hot tubs and tents), change of use, demolitions, and septic and sewer systems.

*Are you a business owner looking to renovate or build in Springwater?* The Township has a Community Improvement Plan (CIP) to support and incentivize new development within the municipality. The CIP has eight grant programs available to business owners within the CIP Project Area and who meet the eligibility criteria.

Programs include rebates for permit fees and development charges, tax increment equivalent financing, and financial investment in façade improvements, accessibility upgrades, new signage, building renovations and more! Visit [springwater.ca/CIP](http://springwater.ca/CIP) for details.
