## Seasonal Load Restrictions

The reduced load period in Springwater runs from March 1 to April 30. By-law 2009-079 restricts loads on most Township roads to 5 tonnes per axle.

The imposed weight restrictions help protect municipal infrastructure during spring thaw, when road damage is most likely to occur.

For more information please contact Public Works at 705-728-4784 x2075 or [publicworks@springwater.ca](mailto:publicworks@springwater.ca)

## Pet Licensing has Changed

The Township has launched a new partnership with DocuPet to provide pet licensing and lost pet services to ensure pets get home safely.

Along with this change, your dog's licence will now be valid for 365 days from the date of purchase!

Learn more and get your licence online at [springwater.ca/canine](http://springwater.ca/canine)

## Construction Notice

The Township will be commencing the rehabilitation of the St. Vincent Street bridge in early spring (on or about March 29, 2021). The project is expected to be completed by July 30, 2021.

During this time, traffic will be reduced to a single lane across the bridge, with traffic managed using temporary traffic signals.

## Community Safety and Well-Being Plan

Springwater is working with our neighbours to create a Community Safety and Well-Being Plan that addresses mental health and addictions, attainable housing and access to services.

Your input is important. Please take a few minutes to complete a survey and share your thoughts and experiences: <https://surveymonkey.com/r/SGBandSP>

## Notice of Intention to Designate: Midhurst Community Centre

In the matter of the Ontario Heritage Act, R.S.O. 1990, c. O.18, as amended, and in the matter of the lands and premises at the following municipal address in the Province of Ontario;

**Take Notice** that the Council of the Corporation of the Township of Springwater intends to designate the following municipal address as being of cultural heritage value or interest under Part IV of the Ontario Heritage Act, R.S.O. 1990, c. O.18, as amended.

**74 Doran Road – Midhurst Community Centre, Formerly the Township of Vespra Town Hall**

### Description of Property

The Midhurst Community Centre is located on the north side of Doran Road, in the former Township of Vespra, now in the Township of Springwater. It consists of a two-storey hall and small parking area. The property is legally described as PLAN 265 LOT B PT LOT 6 7 12.

### Statement of Cultural Heritage Value or Interest

The Midhurst Community Centre's cultural heritage value lies in its historical and associative ties to the community, being the former Township of Vespra Town Hall. The original Vespra Town Hall was erected in 1855 in what was then known as Oliver's Mills (Midhurst). Only a year prior had Vespra become a separate municipality, as prior to 1854 it was amalgamated with the Townships of Flos and Sunnidale. This hall served the community for 72 years as the population grew.

In 1927 property was donated by Mrs. Thomas Spence to build the new Township of Vespra Town Hall. Much of the Hall was built by locals contributing their labour which is a testament to the associative value it has to the community. It was constructed of solid concrete block with a cottage roof. Timbers from the old Town Hall were used in the construction of the new one; its history hiding in the walls of the current structure. The upstairs was the auditorium which had an ample stage for music, plays, and Council meetings. The basement housed the kitchen and vault for Vespra Township records and funds. The total cost of the Town Hall was valued at \$4000, with Township Council contributing \$1000 and the rest being financed by local residents. The grand opening was on December 9, 1927 with speeches and a dance that followed. The Hon. Charles Stewart, M.P. of Ottawa, Minister of the Interior spoke and was warmly welcomed back to Midhurst, a town he left 21 years earlier for his career in provincial and federal politics.

From 1927 to 1967 the Hall served the community as the Vespra Township office and the community centre. Local churches held their services there before their own buildings were completed. When the Township outgrew the building and required a larger space, the hall would then exist solely as a community centre. In 1978, the Midhurst Hall Board was established continuing its existence as a focal point of the community to this day while respecting its history and beginnings.

### Description of Heritage Attributes

The principal features and characteristics that together characterize the core heritage values of the Midhurst Community Centre are:

- Vespra Township Vault/ Safe located on the lower level
- Original upstairs room layout
- Original concrete foundation and exterior structure
- Exterior concrete buttresses/abutments
