

July 11, 2023

## WHAT

### **Playground Replacement and Play Area Upgrades**

Work will include:

- Constructing the new accessible limestone path from existing Shaw St. walkway around the play area to existing Ritchie Cres. walkway.
- Removing old play equipment and surfacing.
- Installing new play equipment and surfacing.
- Restoring the turf to disturbed area.

During construction:

- Playground area and surrounding turf will be closed off and fenced during active construction.
- Splash Pad and Park entrance from Centennial Ave. will remain open for passive recreational use and sport court access.
- Access to the park will be closed from Shaw St. and Ritchie Cres. walkways while the new path is being constructed.
- Access to the park will be closed from Deborah Rd. and Centennial Ave.
- Further updates will be provided through the Townships social media channels (Facebook/Twitter) and website leading up to and during the construction.

Playground layout and designs available at: [springwater.ca/HomerBarrettParkPlayground](https://springwater.ca/HomerBarrettParkPlayground)

## WHERE

The project limits are within Homer Barrett Park, 43 Centennial Ave. (refer to map on back). The current playground will be replaced with a new playground structure, surface, and walking paths to the play area.

## WHEN

### **Project 2: Playground Replacement and Play Area Upgrades**

- Construction Start: July 13, 2023
- Duration: Approximately 14 days
- Work Hours will be Monday – Friday, 7:00am – 5:00pm

## **WE WANT YOUR INPUT**

Please email or call if you would like more information or have any questions on the project. Thank you for your patience and cooperation during these projects.
