

Township of Springwater Transportation Master Plan

Notice of Study Commencement

The Study: The Township of Springwater (Township) has initiated a Transportation Master Plan (TMP) study to set a long-term transportation vision and strategy for the Township to address mobility needs to 2041.

The Process: The TMP will be completed in accordance with Phases 1 and 2 of the Municipal Class Environmental Assessment (MCEA) process (Municipal Engineers Association, March 2023).

The study will evaluate alternative solutions and recommend preferred solutions in consultation with the public, Indigenous communities and agencies. At the conclusion of the Study, the process will be documented in a study report, prepared for public review.

Your Input is Important! The public is invited to provide comments to help identify transportation related opportunities, issues and improvements. Public Information Centres are planned for future stages of the study to inform the public about the steps involved in this work and to gather feedback on the alternative solutions being considered. Information about future Public Information Centres will be posted on www.Springwater.ca/TransportationMasterPlan and the Township's newsletter, Facebook and Twitter channels.

The Township welcomes your input throughout the study and is seeking community members to form a Stakeholder Advisory Committee (SAC) consisting of resident, business and special interest group representatives. The Study will rely on the input and feedback from the SAC and will meet at key project milestones to provide feedback to the study team. To apply to be a community Stakeholder Advisory Committee member, please contact the project team below with your expressed interest.

To submit a comment or question, or if you would like to be added to the Project Contact List to receive future project notices, please contact:

Mahesh Ramdeo, P.Eng. MBA, PMP.

Personal information submitted is being collected pursuant to Section 8 and 11 of the Municipal Act and will be used to update the Township's Transportation Master Plan. The study is being conducted in accordance with the Municipal Class Environmental Assessment document (March 2023). Personal information submitted (e.g., name, address, and phone number) will become part of the public record that is available to the general public unless it is requested that the personal information remain confidential. Questions regarding the collection of this information and how it is used may be directed to Infrastructure and Operational Services Department, Township of Springwater, 2231 Nursery Road, Minesing, ON L9X 1A8, (705) 428 - 4784. This document will be available in alternate format or with communication support upon request. This notice was first issued August 17, 2023.
